

बीईएमएल लिमिटेड BEML LIMITED

(भारत सरकार का उपक्रम) (A Govt of India Undertaking)

CIN: L35202KA1964GOI001530

BEML Soudha, 23/1, 4th Main, Sampangirama Nagar, Bangalore-560 027, INDIA

SELECTION OF EXECUTIVES FOR VARIOUS POSITIONS THROUGH OPEN RECRUITMENT (Advt. No: KP/S/07/2023 Dt. 01.11.2023)

BEML Limited, India's leading multi-technology company under the Ministry of Defence, has successfully spearheaded with its realm of producing world-class products over the last six decade, mainly for core sectors- Defence & Aerospace, Rail & Metro, Power, Mining & Construction through its state-of-the-art manufacturing facilities. To further build country's promising projects, namely - Vande Bharat sleeper trains, Metro rail coaches, High mobility & Armoured recovery vehicle, Special application Engines for Defence, AI-based high-end mining equipment, BEML Ltd welcomes interest from career-oriented professionals who wish to achieve great future with us and explore "New Frontiers, New Dreams" for tomorrow.

Details of the Positions :

(I) Senior Executives

1	2	3	4	5	6	7
Position	Vacancy	Qualification	Post Qualification Experience (PQE)	Minimum years of PQE	Upper Age Limit (Years)	Job Description
Executive Director (Operations Excellence)	1	First Class Degree in Engineering from a recognized University / Institution. Postgraduate degree / diploma in technology / management will have added advantage.	The candidate should have atleast 5 years of Cumulative post-qualification Experience during last 10 years of service in the field of operations / projects / Planning at a senior level of management in an organisation of repute.	25	54	1) Develop annual and quarterly manufacturing schedule and operation plan. 2) Administer adherence to finalised operation plan and update plan for unplanned orders 3) Lead the overall resource optimisation, allocation and quality objectives ensuring fulfilment of contractual obligations. 4) Head the Committee of Operations excellence comprising of production, marketing, Purchase and Quality heads. Place of Posting – Bangalore

1	2	3	4	5	6	7
Position	Vacancy	Qualification	Post Qualification Experience (PQE)	Minimum years of PQE	Upper Age Limit (Years)	Job Description
Executive Director (Strategy & Alliance Management)	1	<p>First Class Degree in Engineering from a recognized University / Institution</p> <p>Candidate holding MBA / PG Diploma in Management will have added advantage.</p>	<p>The candidate should have atleast 5 years of Cumulative post-qualification Experience during last 10 years of service in Strategy / Joint Ventures / Mergers & Acquisition at a senior level of management in an organisation of repute.</p>	25	54	<p>1) Define BEML's short and long term corporate and alliance strategy in line with stakeholder/market expectations</p> <p>2) Prioritise business opportunities across divisions in alignment with short and long term corporate strategy</p> <p>3) Identify signature moves for BEML, e.g. partnerships, business diversification, exports, etc</p> <p>4) Manage relationships with stakeholders</p> <p>5) Alliance management within the organisation</p> <p>Place of Posting – Bangalore</p>

(II) Engine Project

1	2	3	4	5	6	7
Position	Vacancy	Qualification	Post Qualification Experience (PQE)	Minimum years of PQE	Upper Age Limit (Years)	Job Description
Executive Director (Engines)	1	<p>First Class Degree in Engineering in Mechanical / Automobile / Industrial / Production Discipline from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion</p>	<p>The candidate should have atleast 5 years of Cumulative post-qualification Experience in last 10 years of service in various systems of Engines at a senior level of management in an organisation of repute.</p> <p>Experience / Exposure in engine testing / data analysis</p>	25	54	<p>The candidate will be spearheading BEML's Engine Division and will be responsible for;</p> <p>1) Entire gamut of operations within the division such as production, design and development of new engines, technology development, marketing, product support, forecasting, inventory</p>

		Engg / Industrial / Production will be of added advantage.	/ application engineering / manufacturing will be an added advantage			management, quality management and other statutory requirements. 2) Developing and implementing strategies to promote Organisation's mission by creating complete business plan for taking Engine Division to Global Standards. 3) Lead the engine R&D team to develop state of the art technologies. 4) Form and manage strategic alliances with stakeholders. 5) Handhold the Team and facilitate knowledge transfer to build a strong pool for the Engine projects.
Dy.General Manager – R&D	2	First Class Degree in Engineering in Mechanical/ Automobile/ Industrial Production Engineering from a recognized University / Institution. Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Industrial / Production will be of added advantage.	The candidate should have Experience in areas of Design of engines for Automotives / Heavy earth moving application in Design and development of engines / its sub systems. Exposure on 3D modelling / Analysis / simulation through Engine Softwares will be an added advantage. Exposure on Engines Testing, Calibration, Component Evaluation, Application	16	45	Candidate will lead a team of Design and development engineers involved in the development of Heavy-duty Diesel Engines. Candidate will also be responsible for Testing, calibration of Engines, Component Evaluation, Application Engineering & vehicle integration. Candidate will also be responsible for 1D/3D Simulation study of various developed parts. Place of Posting – Mysore

			<p>Engineering, Vehicle Integration and systems such as CRDI Fuel system, Exhaust After Treatment System, OBD-II for development of CEV Stage-IV / Stage-V engines is desirable.</p> <p>The candidate from private organisation should be an executive/officer from a company registered under companies act.</p>			
Asst. Manager R&D	2	<p>First Class Degree in Engineering in Mechanical/ Automobile/ Industrial Production Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Industrial Production will be of added advantage.</p>	<p>The candidate should have Experience in areas of Design of Automobile components with knowledge on IC Engine, Engine component design, engineering materials, manufacturing process & Heat Treatment Process</p> <p>Candidate should have hands on experience / exposure in one or more of the below:</p> <ul style="list-style-type: none"> •3D modelling, •Simulation (1D&3D) •Analysis software (Preferably ProECreo & ANSYS). •Engineering drawing with good knowledge on Geometrical Dimensioning &Tolerances. 	4	30	<p>The Candidate will be responsible for Design & Development activities of various Heavy-duty Diesel Engines.</p> <p>Candidate will also support the manufacturing, materials and Lab team for product & systems solution towards successful realisation and integration of the product.</p> <p>Place of Posting – Mysore</p>

Asst. Manager R&D	12	<p>First Class Degree in Engineering in Mechanical/ Automobile/ Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Machine Design will be of added advantage.</p>	<p>The candidate should have Experience in areas of Design of Automobile components with knowledge on IC Engine, Engine component design, engineering materials, manufacturing process & Heat Treatment Process</p> <p>Candidate should have hands on experience / exposure in one or more of the below:</p> <ul style="list-style-type: none"> •Engine Component Design and 3D modeling on ProE/Creo. •Manufacturing 2 D drawing preparation with Geometrical Dimensioning &Tolerances in ProE/Creo and AutoCAD. •Selection of materials for engine components, manufacturing & Heat Treatment Process. 	4	30	<p>The Candidate will be responsible for Design & Development activities of various Heavy-duty Diesel Engines. The Candidate will be responsible for CAD related engineering activities of engine design team.</p> <p>Candidate will also support the manufacturing, materials and Lab team for product & systems solution towards successful realisation and integration of the product.</p> <p>Place of Posting – Mysore</p>
Asst. Manager R&D	6	<p>First Class Degree in Engineering in Mechanical/ Automobile/ Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Machine Design will be of added advantage.</p>	<p>The candidate should have Experience in areas of Design of Automobile components with thorough knowledge on IC Engine, Engine component design, engineering materials, manufacturing process & Heat Treatment Process</p> <p>Candidate should have hands on experience /</p>	4	30	<p>The Candidate will be responsible for Design & Development activities of various Heavy-duty Diesel Engines. The Candidate will be responsible for CAE/CFD related engineering activities of engine design team.</p> <p>Candidate will also support the manufacturing, materials and Lab team for product & systems</p>

			<p>exposure in one or more of the below:</p> <p>1D (Preferably AVL/Ricardo Engine Specific Software) & 3D Simulation</p> <p>Structural and Thermal analysis of Engine components using ANSYS.</p> <p>CFD analysis of Engine sub system components Intake air port flow analysis, Combustion analysis with respect to various Piston Bowl and Injector Nozzle parameters, Analysis of Coolant flow & Lubrication flow.</p> <p>Manufacturing 2 D drawing preparation with Geometrical Dimensioning & Tolerances in ProE/Creo and AutoCAD is added advantage.</p>			<p>solution towards successful realisation and integration of the product.</p> <p>Place of Posting – Mysore</p>
Asst. Manager R&D	5	<p>First Class Degree in Engineering in Electrical & Electronics / Electronics & Communication Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in Embedded Systems will be of added advantage.</p>	<p>The candidate should have Experience in areas of Design of industrial / Automobile electrical / electronic systems</p> <p>Post qualification in Automotive industry will be an added advantage.</p> <p>Candidate should have hands on experience / exposure in one or more of the below:</p>	4	30	<p>The Candidate will be responsible for Design & Development activities of various Heavy-duty Diesel Engines. The Candidate will be responsible for Electrical & Electronic related engineering activities of engine design team.</p> <p>Candidate will also support the manufacturing, materials and Lab team for product & systems solution towards successful realisation</p>

			<p>Design of Industrial / Automotive cable harness, Selection</p> <p>Evaluation of Sensors, Solenoids, switches, relays, actuators.</p> <p>Control Unit logic control/logic building</p> <p>Fault analysis of electronic circuit / components.</p> <p>Development of Electronic hardware like sensors / switches / actuators/ ECU.</p> <p>Experience /exposure in ECU calibration software like INCA and involved in Engine ECU calibration.</p>			<p>and integration of the product.</p> <p>Place of Posting – Mysore</p>
Asst. Manager – R&D	5	<p>First Class Degree in Engineering in Mechanical/ Automobile/ Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Machine Design will be of added advantage.</p>	<p>The candidate should have Experience in areas of testing / calibration of IC Engine, Engine components</p> <p>Candidate should have hands on experience / exposure in one or more of the below:</p> <p>Engine Test Standards (ISO: 10000, ISO: 9549, ISO:1585)</p> <p>Emission measuring instruments like HORIBA MEXA, AVL450, MDLT etc.</p> <p>Various emission norms (CEV Stage-</p>	4	30	<p>The Candidate will be responsible for Design & Development activities of various Heavy-duty Diesel Engines. The Candidate will be responsible for Engine Testing, Vehicle Engineering and Calibration Engineer related engineering activities of engine design team.</p> <p>Candidate will also support the manufacturing, materials and Lab team for product & systems solution towards successful realisation and integration of the product.</p>

			<p>III,IV,V, IMO-III, BS-III, BS-IV etc)</p> <p>CRDI Engine Calibration and tuning for Vehicle requirement.</p> <p>Performance and endurance testing of engine aggregates like Turbocharger, Oil /Fuel cooler, Air filter, Fuel filter, Water pump, Oil pump, FIE, 5C components etc.</p> <p>Selection of components (Dynamometer/Test Cell instrumentations/Control Panels) for Engine test bed establishment.</p>			<p>Place of Posting – Mysore</p>
Asst. Manager-Production	1	<p>First Class Degree in Engineering in Mechanical / Automobile/ Industrial Production Engineering from a recognized University / Institution.</p> <p>Post Graduation or Higher Qualification in IC Engine / Thermal Engg / Combustion Engg/ Industrial Production will be of added advantage.</p>	<p>The candidate should have post qualification experience in the areas of Production of Internal combustion Engines.</p> <p>Experience / exposure on Engine assembly, Testing and Quality assurance of Heavy Duty Tank Engine / Off Highway diesel engines will have added advantage.</p>	4	30	<p>The candidate will be responsible for Manufacturing and testing of engines meeting the specified Quality parameters.</p> <p>Place of Posting – Mysore</p>

(III) Defence - Aerospace

1	2	3	4	5	6	7
Position	Vacancy	Qualification	Post Qualification Experience (PQE)	Minimum years of PQE	Upper Age Limit (Years)	Job Description
Dy.General Manager - Production	1	First Class Degree in Engineering in Mechanical/ Automobile/ Industrial Production Engineering from a recognized University / Institution. Post Graduation or Higher Qualification in Aerospace / Production will be an added advantage.	The candidate should have cumulative post qualification experience in production / manufacturing of products in aerospace domain for a minimum duration of 5 years in last 10 years of service in any organisation of repute. Experience / exposure in one or more of the following will be of added advantage : Design & analysis / Manufacturing & Assembly / Quality / Maintenance of Aircraft / Rotocopter / Unmanned Aerial Vehicles / Airborne Modules, aggregates and systems / Launch Vehicles for Space Programmes / Missile Systems and modules.	16	45	The candidate will be responsible for production, planning, manufacturing and quality assurance of components, aggregates and equipment. Place of Posting – Mysore / Bangalore
Dy.General Manager – Marketing	1	First Class Degree in Engineering in Mechanical/ Automobile/ Industrial Production Engineering from a recognized University / Institution. Or Equivalent qualification for Defence personnel.	The candidate should have cumulative post qualification experience in Marketing related activities in aerospace domain for a minimum duration of 5 years in last 10 years of service in any organisation of repute. For candidates from Defence forces; experience / exposure in handling acquisitions /perspective planning/ provisioning/ formulation of SQRs/ RFI/ RFP/ CNCs/Post contract management of equipment is preferred.	16	45	The candidate will be responsible for identifying and finalising the opportunities & projects, joint Ventures & modalities of technology transfers, Modernization, Business Development & Marketing, Quality Assurance etc. The candidate shall interact and coordinate with the Ministry of Defence, DPSUs, DRDO establishments,

For Management Trainees:

SELECTION PROCESS

The candidates will be selected based on the Company Assessment process, as applicable which will include Written Test and Personal Interview.

TRAINING PERIOD

Selected candidates will undergo training for a period of one year, from the date of their joining. On successful completion of their training period and on assessment of suitability, they will be absorbed as Officer (Grade-II) in the same pay scale with one additional increment (@3% of Basic Pay) and will be on probation for a period of one year.

REMUNERATION

Selected candidates will be placed on a starting basic pay of Rs.40,000/- pm in the pay scale of Rs.40,000-1,40,000 during their training period. Apart from the above, applicable Dearness Allowance and allowances under cafeteria system (currently 13.78%) will also be payable as per Company Rules. At locations where Company accommodation is not available, applicable HRA in lieu of the place of posting will be provided.

SERVICE BOND

Selected Candidates are required to execute a Service Bond to serve the Company for a period of 4 years including training period, failing which candidates are liable to pay the liquidated damages amounting to Rs.2,00,000/-. An amount of Rs. 4000/-pm will be recovered for 47 months and the balance amount will be recovered in the last installment for liquidated damages of Rs.2,00,000/-. After successful completion of the bond period, the security deposit will be refunded with interest. In case of breach of the service agreement during the bond period, the security deposit will be forfeited.

Pay Scale & Remunerations :

Grade	Position	BEML Pay Scale
Grade – I	Asst. Officer	Rs.30,000 – 1,20,000
